

VEGA Installation

- For AutoCAD versions 2021 and above

1. First, we will check the system settings to ensure that the product installation is possible.

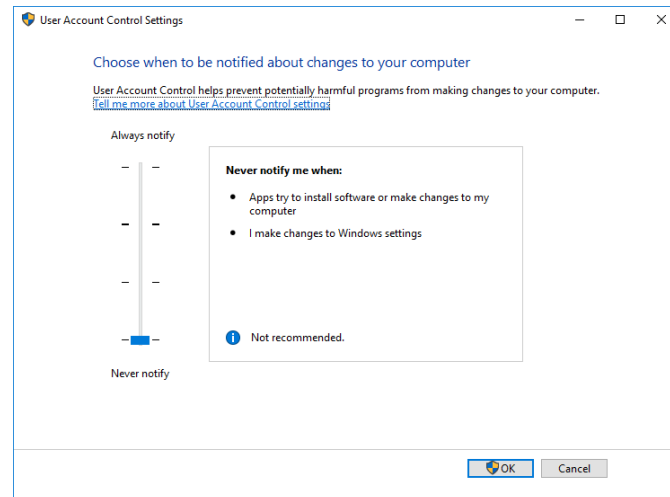

verify that the "User Account Control settings" are at minimum:

- (1) Click on the "Start" button in the operating system.
- (2) Type **UAC**.
- (3) Launch "Change User Account Control settings".

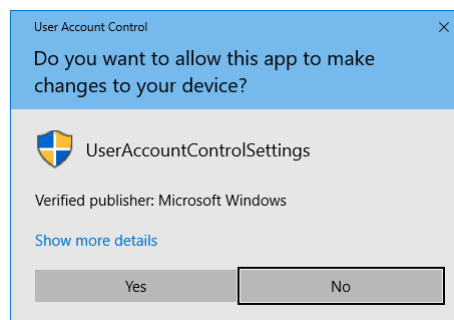

2. Now verify that the slider is at the minimum. If it is not at minimum, lower it.

***If this screen does not appear, please contact a computer technician**

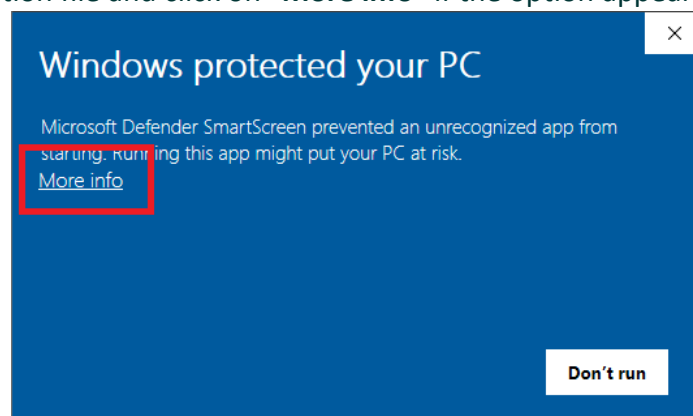

After the change, you will be asked to click **Yes** on the next screen and restart your computer.

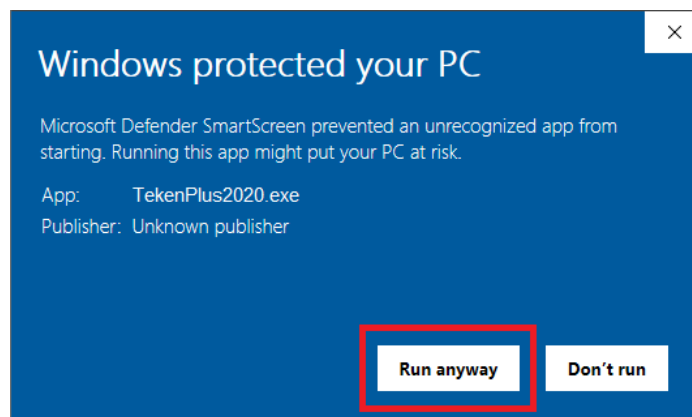

3. Ensure that **AutoCAD** software is closed.

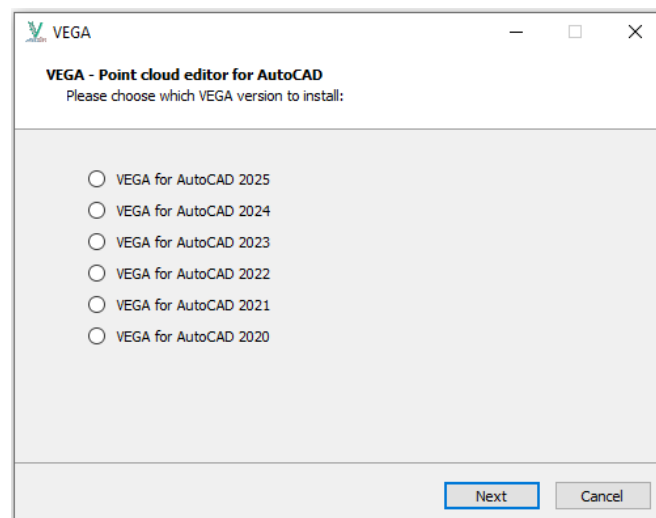

4. Run the installation file and click on "**More info**" if the option appears.

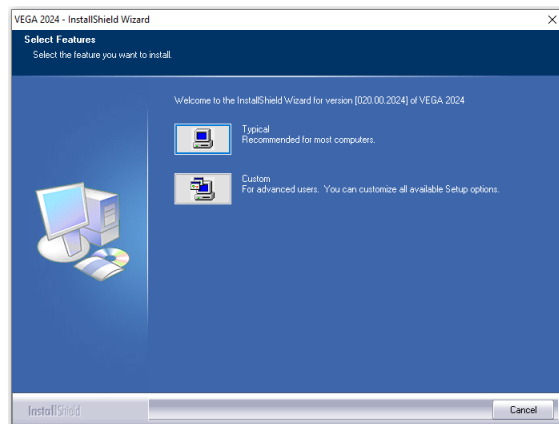

5. Now confirm running the installation wizard by clicking "**Run anyway**".

6. After launching the installation file, Select the correct installation according to the AutoCAD version you are working on.

6. click on **Typical**.

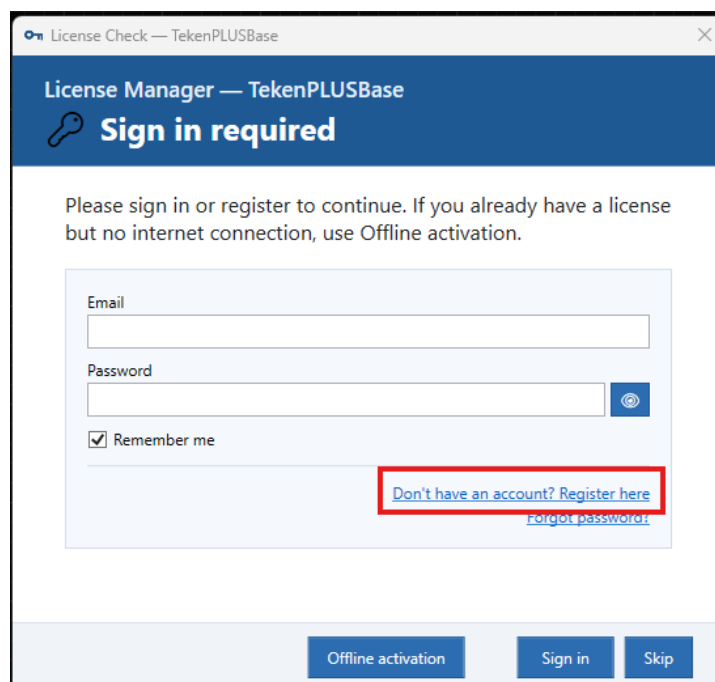

Wait until the installation is complete.

8. Launch the **AutoCAD** software.

License Activation or Trial Setup

- After launching **AutoCAD**, the **Sign in** screen will appear.
- Click on **Don't have an account? Register here**.

- On the next screen, fill in all the details to create a new account.
Click **Register** to complete.

We emailed you a 6-digit code. Enter it to finish creating your account.

Cancel Registering... Skip

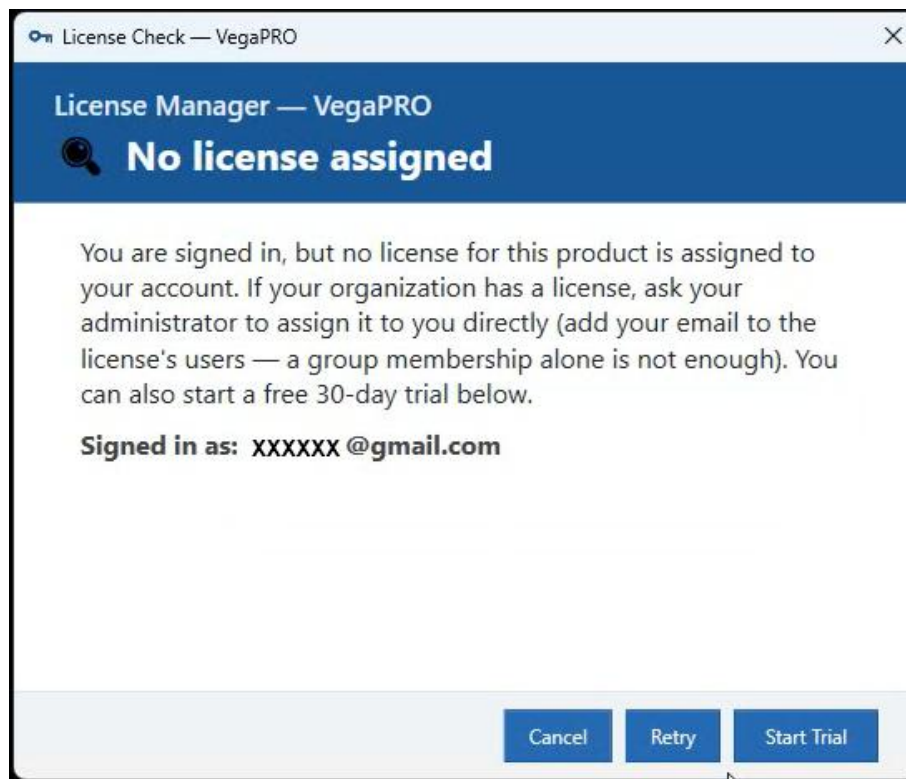

- Open the email and complete the verification process.
- Return to the application and sign in using the registered email address and password.

The screenshot shows a web browser window titled "License Check — VegaPRO". The main heading is "License Manager — VegaPRO" with a sub-heading "Sign in required" accompanied by a key icon. Below this, a message states: "Account created. Please check your email to confirm, then sign in here." The sign-in form includes an "Email" field with the placeholder "xxxxx@gmail.com", a "Password" field with masked characters and a toggle icon, and a checked "Remember me" checkbox. At the bottom of the form are two links: "Don't have an account? Register here" and "Forgot password?". At the bottom of the window are three buttons: "Offline activation", "Sign in" (which is highlighted with a mouse cursor), and "Skip".

- A verification process will run in the background.
- If you have already purchased a license, the application will be activated automatically and will be ready to use.

- If you have not yet purchased a license and would like to start a trial period, the following window will appear. Click **Start Trial** to proceed.

- The application will then be activated for a 30-day trial period.

Uninstalling VEGA

There are 2 options to remove the application installation:

1. Through the Control Panel.
2. By clicking on the original installation file.
